

v2.5.9

Section	Feature	Details
Clin Admin	OASIS Scrub & XML	OASIS submission includes current CMS Specification v.2.30.1 scrub; may be bypassed
Clin Admin	OASIS	Patient Chart: OASIS SOC/ROC/FU/TRN/DC now includes Data Set PDF and xml file for validation
Clin Admin	485/POC	Create/Preview POC: may now generate a 485 for multi-services (i.e. PDN + PT)
Clin Admin	QA Signature	‘Quality Assured By;’ removed from docs that skip QA or are marked as approved w/o signature
Ops-Calendar	Bill No Pay	Individual assignments now have a ‘exclude from payroll’ button
Ops – Payroll	Bill No Pay	Assignments excluded from payroll will not appear in payroll preview unless ‘show excluded’ is selected; assignment do not get added to payroll csv file but do show on all reporting as exclusions
Ops – Billing	Waystar Rejection	Patient financial override ‘force Waystar rejection’ will drop EDI ID to send claim to Waystar but stop it there; claims set to this have indicator in create claims
