Quality Assurance: Edit Visit

Users with permission may edit a visit via the preview portal while reviewing assignments. [Clinical](#)> [Quality Assurance](#)> [Select assignment](#)> [Preview](#)> [Edit](#)

Take the following steps to edit an assignment from QA:

- 1) Select assignment in QA list.
- 2) Click Preview
- 3) Select assignment in dropdown.
- 4) Click Edit
- 5) Assignment will open in a new tab.
- 6) Make edits to the assignment, Save change, and Submit by entering password.
- 7) Once submitted, the tab closes and the preview portal reloads assignment with submitted edits.

Note: Treating clinician's signature remains on assignment, user password is just to Save changes made in QA edit. Audit of changes exists in history icon for field in patient LPR.

Mom states his last sleep study showed that his apnea was getting better but still in the "severe" category. He has had no new resp concerns. He has a swallow study on 2/15 which showed that he should be on nectar thick consistency and that when he swallows he has some reflux. His gbutton site looks good with no redness or irritation.
